

There's a new kid on the block

O-I's new 355mL premium bottle conveys a crisp and refreshing taste for your beer.

Complement your range or start from scratch with a bottle that stylishly shows off your product.

The new 355mL bottle from O-I is designed to help broaden your range of drinkers with a new size beer bottle option.

The clean and clear look of this bottle is a perfect match for brewers wanting to marry a refreshing beer with an equally refreshing package.

Perfect for craft and microbrewers, the bottle is also available in Amber and Classic Green to maintain a consistent appearance for your family of products.

Call O-I's customer service team or your state sales office to find out more about this fresh new option.
